Tommy Toilet says:
**DON'T FORGET
 TO WIPE YOUR
 ASS FOLKS!**

**IT'S GOOD
 CLEAN FUN!
 IT'S HYGIENIC!
 IT'S CONSIDERATE
 OF OTHERS!**

A clean Ass Hole means so much! It is the earmark of a civilized person! It's really quite surprising how many people there are in this world who just don't take the time to keep their assholes free of excess fecal matter! All it takes is a few seconds to wipe yourself...a minute at the most, if you've taken a particularly messy bowel movement!

But some people...well, it just must not bother them to walk around with a shitty behind! Who can explain such people? Perhaps they are being deliberately anti-social, for the effect of such behavior can only be to make a person friendless and a social outcast. You might not mind the smell of your own shit (in fact, many people like it!), but let's face it, nobody but a pervert likes to smell other people's excrement! So take Tommy's advice...keep it wiped!!

NOBODY LIKES HIM !!

HE DOESN'T
 USE PAPER!!
